ONSTAGE INTRODUCTION FOR SHARON VIRT

Feel free to modify this for your own event but please keep the spirit in tact.

Please join me in welcoming today's keynote speaker, Sharon Virts.

Sharon is an entrepreneur, author, and philanthropist whose career embodies innovation, resilience, and the power of reinvention. She founded FCI Federal, transforming it from a small consulting startup into a \$300-million government contracting leader before its sale in 2017. Today, she channels that same vision into the Virts Miller Foundation, dedicated to historic preservation, education, and strengthening community.

Sharon is also a bestselling historical-fiction author whose novels, *Masque of Honor*, *Veil of Doubt*, *The Grays of Truth* and her forthcoming novel *Bargains of Fate*, weave together her love of history, leadership, and human complexity. Her creative work has inspired thousands of readers and sparked conversations about justice, character, and the enduring impact of the past.

Whether she's restoring the iconic Selma Mansion, supporting local causes, or speaking to leaders across industries, Sharon brings a rare combination of strategic insight, storytelling mastery, and authentic heart.

Please join me in giving a warm welcome to Sharon Virts.
